Janine Media Consultancy
Johannesburg
South Africa

Reference: Janine Lazarus

I have recently been appointed the General Manager of Jwaneng Mine and I am grateful for the coaching and guidance that I received from Janine Media Consultancy in preparation for this role. The competencies that Janine has imparted with me had a great impact in this achievement and I have, in turn, made a decision to engage her service for further development.

Janine's practicals' on Presentation Skills, Understanding the Media and Concise Communications as well as Public Speaking empowers leaders in confidence and an in-depth understanding of the media sphere. Through these enhances their ability to be successful in high profile job interviews. The training that I received has also empowered me with skills to judge the interviewers' intention by reading between the lines during questioning, therefore helping me to respond in a manner that is consistent with the intended outcome.

This letter therefore serves to recommend Janine Media Consultancy for leadership coaching services.

Sincerely,

Koolatotse Koolatotse
General Manager - Jwaneng Mine
